87 Academy Road
Walterboro, SC 29488**

or

Saturday, August 8, 2020

9:00am - 1:15pm

**Lowcountry AHEC
87 Academy Road
Walterboro, SC 29488**

Description:

The 2020 Pharmacy Technician Continuing Education Program will provide 4 hours of **live** CE credit. The session will cover: holistic therapies and legal oversight, medication safety/safety of holistic therapies, an immunization update, and an update on asthma and COPD. Attendees will participate in active learning activities to apply concepts learned through each of the individual sessions.

Course Instructors:

Kristy L. Brittain, PharmD, BCPS, CDE

Associate Professor, South Carolina College of Pharmacy/Clinical Pharmacy Specialist, Medical University of South Carolina

Objectives:

***Law: Holistic Therapies & Legal Oversight (9:10am - 10:10am)
(ACPE UAN 0062-9999-20-030-L03-T, knowledge-based activity)***

At the completion of this activity, the participant will be able to:

- Define complementary, alternative and integrative medicine practices
- Discuss the regulation of natural products, including associated laws that govern the sale of natural products
- Discuss legal implications associated with the use and sale of CBD

***Medication Safety: Safety of Holistic Therapies (10:10am - 11:10am)
(ACPE UAN 0062-9999-20-031-L05-T, knowledge-based activity)***

At the completion of this activity, the participant will be able to:

- Identify and discuss potential patient practices that may increase risk
- Identify credible information resources regarding holistic therapies
- Discuss safety and efficacy of selected holistic therapies used today

Immunization Update 2020 (11:15am - 12:15pm)
(ACPE UAN 0062-9999-20-028-L06-T, application-based activity)

At the completion of this activity, the participant will be able to:

- Discuss the collective role of health care professionals in immunization practices
- Discuss and share recent activity of influenza within South Carolina and the nation
- Summarize recent changes to ACIP and CDC recommendations for adults
- Obtain patient-specific information to identify vaccine needs or contraindications

What's New in Asthma and COPD (12:15pm - 1:15pm)
(ACPE UAN 0062-9999-20-033-L01-T, knowledge-based activity)

At the completion of this activity, the participant will be able to:

- Identify new medications and devices for use in asthma and COPD
- Discuss associated drug information for medications and devices regarding storage, administration, dispensing and adherence
- Discuss the role of the pharmacy technician in improving patient adherence to asthma and COPD medications

Target Audience:

Pharmacy Technicians

Continuing Education Credits:

The University of South Carolina College of Pharmacy is accredited by the Accreditation Council for Pharmacy Education as a provider of continuing pharmacy education. This program is accredited for a maximum of 4 live contact hours (0.4 CEUs) for pharmacy technicians.

To claim credit, participants must sign-in at registration at the beginning of the day and attend each activity in its entirety. No partial credit for partial attendance at activities will be issued. Participants must complete online evaluations for each activity within 30 days (providing their correct NABP e-profile number and day/month of birth) in order to have credit reported to the NABP CPE Monitor. All credit must be claimed and reported within 60 days. This is a knowledge and application based program.

Fees, Registration & Course Information:

Non-Members: \$55.00

Consortium Members: \$15.00

***CLASS LIMITED TO 25**

***Pre-payment is required before class. There will be no monies on site.**
