# Learning Objectives

## **Wayne Weart: New Drug Update**

ACPE# 0062-9999-21-037-L01-P/T (2.0 credit hours, knowledge based)

At the completion of this activity, the pharmacist and pharmacy technician will be able to:

- Describe and discuss the new guidelines for patients with dyslipidemia, asthma, COPD, Type 2 diabetes and heart failure with reduced ejection fraction including the evidence on which they are based, and when and how to apply them in selected patients

## **Whitney Simerlein: A Review of Specialty Pharmacy Therapies for Cardiovascular Diseases**

ACPE# 0062-9999-21-038-L01-P/T (1.0 credit hour, knowledge based)

At the completion of this activity, the pharmacist and pharmacy technician will be able to:

- Describe the role of specialty therapies for lipid management and cardiac amyloidosis
- Recognize the storage, dispensing, and safety requirements for both injectable and oral cardiology medications
- Identify ways to improve patient access to specialty medications

## **Anthony DeClue: Motivational Interviewing - Effective Communication Strategies to Overcome Patient Ambivalence and Resistance to Positive Behavior Changes**

ACPE# 0062-9999-21-039-L04-P/T (1.0 credit hour, knowledge based)

At the completion of this activity, the pharmacist and pharmacy technician will be able to:

- Identify opportunities within healthcare provision wherein motivational interviewing is likely to be advantageous
- Define motivational interviewing, what it is, and what it is not
- Describe specific motivational interviewing strategies and techniques
- Summarize proven benefits of motivational interviewing

## **Kristy Brittain & Katie Henn: Prepped to Vaccinate in 2021**

ACPE# 0062-9999-21-040-L06-P/T (1.0 credit hour, application-based activity)

At the completion of this activity, the pharmacist will be able to:

- Discuss the implications of the HHS Prep Act and the associated Third Amendment and Secretary's Technician Guidance on vaccination programs
- Identify appropriate vaccine administration techniques
- Discuss updated ACIP recommendations for routine vaccines in the pediatric and adult population, including the use of COVID vaccines
- Apply knowledge utilizing vaccine schedules to a patient case

At the completion of this activity, the pharmacy technician will be able to:

- Discuss the implications of the HHS Prep Act and the associated Third Amendment and Secretary's Technician Guidance on vaccination programs
- Identify appropriate vaccine administration techniques
- Discuss updated ACIP recommendations for routine vaccines in the pediatric and adult population, including the use of COVID vaccines

## **Krutika Mediwala: Faster than Jimmy John's: Therapeutic Developments in COVID-19**

ACPE# 0062-9999-21-041-L01-P/T (1.0 credit hour, application-based activity)

At the completion of this activity, the pharmacist and pharmacy technician will be able to:

- Recognize the evolving epidemiology and emerging knowledge of SARS-CoV-2
- Identify trends in development and recommendations of therapeutic options for COVID-19
- Discuss recently authorized vaccines against SARS-CoV-2 and identify additional vaccines in the pipeline
- Demonstrate the role of pharmacy personnel as integral members of the response team, public education and vaccine promotion

Please make checks payable to:

Phi Delta Chi, Attn: Faye Ratliff

MUSC College of Pharmacy

280 Calhoun Street, MUSC 140, QE225, Charleston, SC 29425

**CONTINUING EDUCATION ACCREDITATION INFORMATION:** The University of South Carolina College of Pharmacy is accredited by the Accreditation Council for Pharmacy Education as a provider of continuing pharmacy education. The target audience for these continuing education activities is pharmacists and pharmacy technicians across a variety of practice settings. Please see each session for CE available for pharmacists and/or technicians, faculty information, ACPE UANs, learning objectives, and CEU designations.

To claim CE credit, participants must attend sessions in their entirety (no partial credit will be awarded for attendance at a portion of a session) and must participate in all active learning activities and learning assessments through the virtual platform. In order to have CPE credit reported to the NABP CPE Monitor, participants must have their virtual attendance verified and must follow the "Instructions to Claim Credit" which will be provided to participants. This includes completing program and speaker evaluations at <http://cop.sc.learningexpressce.com> within 30 days and providing the correct NABP e-Profile ID and day/month of birth upon registration. Any credit not claimed within 60 days of the live event will be rejected by the NABP CPE Monitor. Please contact [CE@cop.sc.edu](mailto:CE@cop.sc.edu) or 803-777-9979 with any questions.
