Continuing Pharmacy Education:

The University of South Carolina College of Pharmacy is accredited by the Accreditation Council for Pharmacy Education as a provider of continuing pharmacy education. Please see individual activity listings above for specific information about CEU designations, learning objectives, and activity types.

Participants must read the learning objectives and faculty disclosures, listen to the video presentation and complete the interactivity quiz and complete the evaluation form. Participants must create or update their Learning Express profile with their NABP e-Profile ID and birth month/day and complete the online program evaluations in order for credit to be submitted to the NABP CPE Monitor System. Completion of evaluations within 30 days of the program will ensure credit is transmitted; any credit claimed greater than 60 days after the conclusion of the program will not be accepted by the NABP CPE Monitor. You may not claim credit for the home study activity if you previously participated in and claimed credit for the live activities.
