Educational Objectives:

Back to the Basics: USP 797

ACPE: 0062-9999-16-018-L04-T

1. Identify the purpose and importance of the recommended USP <797> policies for compounding techniques
2. Discuss the appropriate standards for sterile compounding as designated in USP <797> and prevention of contamination within a sterile compounding area
3. Recognize best USP <797> practice standards for pharmacy personnel

A New Year, A New You: Incorporating Lean Principles in Your Everyday Pharmacy Practice

ACPE: 0062-9999-16-019-L04-T

1. Define the basic principles and theory of lean pharmacy
2. Identify sources of waste in common pharmacy processes
3. Evaluate potential opportunities and strategies for incorporating lean pharmacy in your current practice model

Back to Basics: A Law Review

ACPE: 0062-9999-16-020-L03-T

1. Review Federal drug laws and regulations
2. List the requirements concerning pharmacy technician registration, certification and renewal with the State Board of Pharmacy
3. Recall the conditions under which a prescription may be transmitted by facsimile

Back to Basics: Pharmacy Calculations

ACPE: 0062-9999-16-021-L04-T

1. Describe examples of common systems of measurements
2. Explain the process of percentage, ration, and proportion and show how they apply to pharmacy calculations
3. Solve common pharmacy calculation using mathematical skills reviewed in this activity

Statement of Accreditation: ACPE Program

The South Carolina College of Pharmacy (SCCP) is accredited by the Accreditation Council for Pharmacy Education (ACPE) as a provider of continuing pharmacy education. This program is accredited for a total of 4.0 contact hours (0.4 ceus). Participants must sign in at the beginning of the program and attend all sessions for maximum credit. No partial credit will be awarded. Instructions on how to claim credit will be provided at the conclusion of the program. Participants must complete an on-line program evaluation and update their NABP e-profile and date/month of birth to facilitate reporting to the CPE® monitor system as required. ACPE requires that credit be reported to CPE Monitor no later than **60 days** after program completion. Any credit claimed after that date will be automatically rejected by the CPE Monitor.
